Work Experience

UX/UI Designer, Freelance, Portland, OR, May 2023-Present

- Worked with clients to create accessible, responsive website designs that accurately reflect their brand's identity.
- Managed multiple web projects simultaneously while consistently meeting deadlines early.
- Increased contact form submissions by up to 30% per month.

Web Designer and Developer, Civitas Collective, Remote, April 2024-November 2024

- Created wireframes, prototypes, and mockups in Figma.
- Presented designs to board members and iterated designs based on feedback.
- Developed content pages and an e-commerce interface using WordPress and Elementor.
- Reached 14k unique site visitors per month and maintained traffic over a period of six months.

Web Designer, Tech for Campaigns, Remote, June 2024-August 2024

- Creating website style guide, assets, and page layouts in Figma.
- Meeting with campaign team and iterating designs based on feedback.
- Working with website developer to handoff designs and assets to launch the site in August 2024.

Production Manager, Imago Theater, Portland, OR, February 2021-December 2022

- Facilitated communication between production departments, setting and enforcing deadlines to bring productions together on schedule.
- Transitioned between production roles, stepping in as lighting supervisor, dance director, costume designer, and stage hand as needed.
- Managed the production of five traveling shows and three original works during the 2023 season.
